Mission Statement:

My mission statement is to address the needs of Kings Mountain and its residents in all matters related to the administration and services of our city. My goals are to attract new industry which will promote additional tax revenue, but also job opportunities for our citizens. In addition, I will be a devoted advocate of providing and maintaining the highest level of services to our residents as well as area businesses and industry. There are many issues that need addressing to continue Kings Mountain's aggressive advancement into the future which I will diligently strive to promote and support.
