

What is **SINGLE STREAM RECYCLING?**

Don't fill your garbage bin with items that should be recycled. With a recycling container that is much larger than that old curbside bin, you can recycle more and waste less! With single-stream recycling, all your recycling goes in one bin!

Single Stream allows customers to mix recyclable paper, plastic & aluminum cans in one bin.

This method has many advantages:

- Toss ALL your recycling into one bin
- Recycle MORE and more types of items
- Encourages MORE residents to recycle

In partnership with

**Preserving the environmental
health of our community.**

An Economical **SOLUTION**

The convenience of Single Stream recycling greatly increases participation, resulting in the recovery of up to 30 percent more recyclable materials. Because Single Stream recycling is easier for residents, more waste will be recycled and less waste will end up as trash. In addition to greener practices, there is a potential cost savings as every ton of trash that ends up being recycled saves Kings Mountain money.

Single Stream allows for efficient fleet utilization and route optimization by cutting down on specialized recycling collection vehicles and allowing greater material compaction. Over time, this reduces the energy required during collection through greater payloads and a "one route, one truck" collection methodology.

Other advantages:

- Reduced collection costs because collection can be automated, and collection routes can be serviced more efficiently
- More paper grades can be collected, including junk mail and mixed residential paper

Kings Mountain SINGLE STREAM RECYCLING

**A GREEN
IDEA**
For Our Community

DO PLACE ALL THESE RECYCLABLES IN ONE BIN!

Flattened cereal & food boxes

Metal cans

Newspapers & inserts

Aluminum cans

#1, 2, & 5 bottles & jugs

Office paper, magazines & catalogs

Flattened cardboard boxes

DON'T

place the following in your Single Stream Recycling cart:

- NO plastic bags
- NO plastic lids & caps
- NO shredded paper
- NO hard-back books
- NO scrap metal
- NO Tyvek® envelopes

- NO plastic 6-pack holders
- No needles or syringes
- NO paper ream wrappers
- NO plastic microwave trays
- NO Styrofoam® or paper to-go containers

- NO frozen food, ice cream or frozen juice containers
- NO mirrors, ceramics or Pyrex®
- NO light bulbs, plates or vases
- NO glass
- NO hazardous or bio-hazardous waste
- NO plastics other than those listed
