SITE ADDRESS _____

INTENDED USE OF POWER _____

PORTION OF THE SITE TO BE ENERGIZED _____

*I understand that I am requesting temporary power only for the portion/s of the building that has been approved by the City of Kings Mountain Building Inspections Department. This temporary power is good only for the completion of construction and testing of the building systems. **THE BUILDING IS NOT TO BE OCCUPIED UNTIL A CERTIFICATE OF OCCUPANCY IS ISSUED.** The use of temporary power will comply with the North Carolina Administrative code as well as the North Carolina Electrical code. Any violations of those codes will result in the immediate disconnection of power.*

I agree to post the placard of temporary power provided by the City of Kings Mountain Inspections Department in the vicinity of the energized portion of the building, and that all sub-contractors working on this site will be made aware that portions of this site have been energized. Also, this placard will not be removed until a certificate of occupancy has been issued or temporary power is removed.

I hereby agree to indemnify, defend, and save harmless the City of Kings Mountain, it's employees from any and all liability arising from electrical service being either connected or disconnected from the above mentioned premises as requested/allowed by this application.

RULES & APPLICATION FOR TEMPORARY POWER

Before temporary power can be issued:

- Go online at www.cityofkm.com and go to Building and Zoning and scroll to the bottom under other forms. Print out a copy of the Temporary Power Application, or pick one up at the building inspections office.
- Fill out application and return the signed notarized copy to the building inspections office.
- Schedule a temporary electrical inspection of the property – need at least 24 hour prior notice needed.
- Once inspection has been approved, the Inspector will issue you a Temporary Power Placard and also place an approved sticker on the meter so that your utility provider may make the necessary connections.

In Accordance with Section 10.8 of the North Carolina Electric Code, 2011 Edition, The City of Kings Mountain Inspections Department may Grant Temporary Power on a Building or portion thereof, **under the following conditions**, for a Period of no more than 90 days.

- 1) The service wiring and equipment, including the meter socket enclosure, shall be installed, the service wiring terminated, and the service equipment covers installed.
- 2) The portions of the electrical system that are to be energized shall be complete and physically protected.
- 3) The grounding electrode system shall be complete.
- 4) The grounding and the grounding conductors shall be terminated in the service equipment.
- 5) At least one receptacle outlet with ground fault circuit interrupter protection for personnel shall be installed with the circuit wiring terminated.
- 6) The applicable requirements of the North Carolina Electrical Code apply.
 - The applicant shall maintain the energized electrical system or that portion of the building containing the energized electrical system in a secure and locked manner or under constant supervision to exclude unauthorized personnel.
 - The applicant shall alert personnel working in the vicinity of the energized electrical system to its presence

A temporary power Placard will be issued by the Inspector once approval for power has been granted: this placard Must remain up in the vicinity of the energized portion of the building.

Uses Prohibited. In no case shall any portion of the permanent wiring be energized until the portions have been inspected and approved by the City of Kings Mountain Building Inspections Department. Failure to comply with this section may result in disconnection of power and/or revocation of permit.

If the inspection is failed then a return trip charge will be applied at \$50.00 per trip.

If the placard is lost, there will be a charge of \$10.00 for a replacement placard.
