

December 9, 2025

For Immediate Release:

### **Update of Water Main Repairs**

Since the evening of Thursday, Dec 4, 2025, the City of Kings Mountain has responded to multiple water main breaks across the city. Work has been completed and water service has been fully restored to customers in the following areas affected by the ruptured lines:

- York Road near East Gold Street
- Wells Street
- Shelby Road near El Bethel Road
- East King Street
- Phenix Street
- McGinnis Street
- Ramseur Street

Work continues to address ongoing leaks on West Mountain Street and Cansler Street.

The City of Kings Mountain Water Resources Department lifted the boil water advisory on Saturday, December 6, 2025, following required bacteriological testing that confirmed water was safe to drink. Currently, no additional advisories are anticipated with the remaining repairs.
